Communications Design

H305 Door for Surface Mount Box

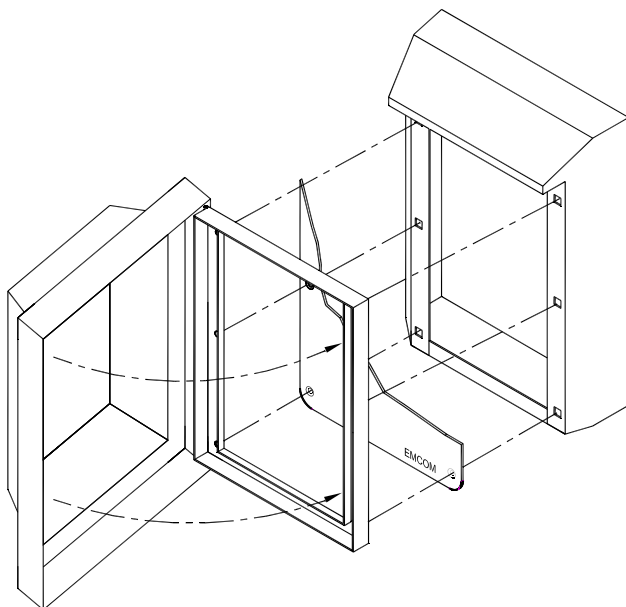

The H305 is a rugged, stainless steel, door assembly that may be added to an H300 surface mount box to provide further protection for telephones mounted in it. The door may be added at any time without modifications to the H300. The unit includes a lock that can be secured in the unlocked position.

Features

- **Stainless Steel Construction**
- **NEMA 4X Design**
- **Concealed SS Spring Closure**
- **Door Latches In Open Position**
- **Door Can Be Reversed**
