Communications Design

IP6000

Rugged, Full-Duplex, VoIP, Hands-Free Phone

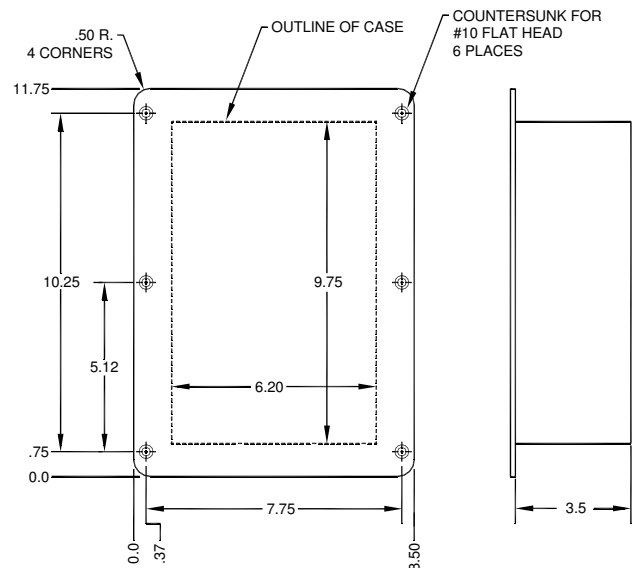

The IP6000 is an ADA compliant, hardened, vandal-resistant, full-duplex, intelligent hands-free emergency assistance phone that provides VoIP (Voice over Internet Protocol) communications utilizing SIP (Session Initiation Protocol). The rugged stainless steel front panel with sealed speaker, microphone and activation button ensures long product life and provides assurance that vital calls will get through under the harshest of conditions. The IP6000 is programmed via a web browser or is remotely supervised, tested and programmed using an Emcom Systems' EmVista Maintenance Station.

Features

- Full Duplex
- Wide Operating Temp Range
- 1.5" Metal "HELP" Button
- 2 Visual Call Indicators
- Submersible Speaker
- Metal Braille Plate
- Background Noise Reduction Using DSP
- Remote Programming and Volume Adjust Via Web Browser or EmVista Maintenance
- Auxiliary Contact Closures
- 3 Port IP Switch for Daisy Chaining
- 2 Year Warranty
