

ILU1 Under-the-Counter Loop System

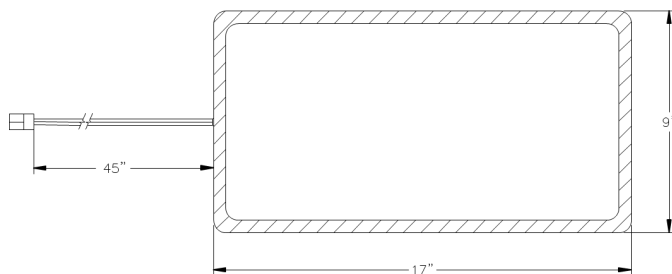

The ILU1 Under-the-Counter loop is intended to be mounted under desktops and counters in situations where surface area is limited. The large 17" x 9" loop creates a generous field that can reach users standing near the desk or counter. The Audio Direction ILA05 Amplifier and M1 Gooseneck Microphone is included with the system along with mounting hardware and accessories.

Advantages

- Large Field Size
- Gooseneck Microphone & Amplifier Included
- Concealed Mounting
- 2 Year Warranty
